I recently saw Bobby for an eyebrow wax. He did a PHENOMENAL job. He spent time on them to make sure they looked great. I won't go to anyone else!

Afterglow is a great environment & the staff are very good at everything they do! I'm very entrusting with people doing my hair but here I am always satisfied every time I walk out! Very recommendable!

The Best! (★★★★★) - 12/02/2009 10:55:53

Understanding how hard it can be to find a good quality, trustworthy and affordable salon I decided to write a brief review about AfterGlo. I have a client there for almost two years and have been very impressed by professionalism, knowledge of trends, styles and range of product. Between my personal creative vision and their wisdom about the realities of my hair type we're always able to reach a solution that I'm both excited and comfortable with. Best of all a visit to AfterGlo won't break the bank and I still get a high quality look. Highly recommended!

I work in Louisville, live in Shelbyville, but drive to Afterglow! Sara Hedger does an awesome job with color and haircuts! All of the girls I work with, wish she would open a shop in Louisville so they could get the great cuts and color, too!
