Ms. ( ★☆☆☆☆ ) - 07/08/2009 13:20:11

Bobbie Walters **from** Bagdad, Kentucky

The front windshield of my vehicle was chipped while at Scotty Dunn's Custom Body Shop. I advised Mr. Dunn of the damage and he stated he would contact my insurance company. I advised that my insurance should not be responsible for damages to my car while the car was in his care. There were several more words exchanged and at the end Mr. Dunn stated I should do whatever I needed to do but he was not going to fix my windshield even though I was sure that it was chipped in his care. When I went in to

get the estimate I advised Jason Dunn that I wanted to use Enterprise for my rental car as I was instructed by my insurance company to do. I found out when I left my vehicle for repair that he had contacted Hertz which charged me a \$50 ransom which I have yet to understand. I have to wonder why Hertz was called when I specifically stated I wanted to use Enterprise which would not have held \$50 ransom.

I recently had the need for an auto body repair service. I chose Scotty Dunn's Custom Body Shop. I found this company to be courteous , professional , and best of all, excellent in job performance. Scotty quoted me an expected completion date , and he was earlier than his own expectation. They had to replace one door and repair another door , on my Toyota Camry. The repair job they did was flawless. It is virtually impossible to detect that any damage was done. My car is 4 model years old , and Scotty matched and blended the paint on the doors perfectly !! I recommend this

company highly. For my money , there is none better. Scotty Dunn has no equal in his field in this city. -- Great job !!!
