Three of us stopped in for lunch/brunch around noon on Saturday. The hamburger was quite good - moist, meaty and very tasty. The "Special" (breakfast) was plenty, with the eggs cooked just as ordered, and great tasting biscuits! The chicken salad was moist and very good. And the homemade chips were awesome. All freshly made while we waited. Fast, courteous service as well. A very good place to eat!

Never disappointed when I eat at Two Sisters Cafe. Love the variety on the menu and daily specials. My favorite is a BLT with hot homemade chips. Cynthia and staff are always friendly and my food is ready within minutes.
