Great auto repair shop (★★★★★) - 03/18/2009 17:22:47
Dave Nicholas **from** Frankfort

What I am looking for in auto repair is someone who does good work and is honest. David Toles fits the bill on both counts. Repairs are done quickly and well. They are completely honest about what your car needs. No parts you don't really need and no services that you don't need. Car repairs are not cheap. This is a business that you can place your trust in. Do yourself a favor and try them.

In my opinion...Toles is the best (★★★★★) - 03/11/2009 04:38:18

David Toles has been my primary "go to" person for all my automotive service needs for over 10 years. NOT ONCE HAS HE FAILED to ultimately deliver quality service at a fair price to me. I recommend him personally and professionally to my family, friends, and associates. I will put it this way...I recently suggested to them to re-design their work orders at the front desk to offer simply one box to be checked that reads "Whatever David recommends is fine with me". My car is my office on wheels and David makes sure that it is in good working order at all times. I put him in the elite category of people I trust 100% absolutely.

Knowledgeable and thorough (★★★★★) - 03/09/2009 16:08:47

David Toles' shop is clean, well-organized and efficient - nothing like the old-timers dark and greasy garages EXCEPT for doing a great job and being really easy to deal with. David is helpful and makes sure the work is done correctly and at a good price. I wouldn't go anywhere else.

Auto Pro gave us immediate attention after our very high mileage van broke down in route to Wisconsin to pick up our disabled daughter. They got us back on the road the next day with an innovative repair to our aging van.

David Toles has worked on my vehicles for about 10 years. He and his staff are honest, professional and polite. If you want your vehicles repaired or serviced without being ripped off, then this is the place. I would not let anyone else look at my vehicles. I recommend Auto Pro to anyone who owns a vehicle old or new.

Outstanding! (★★★★★) - 10/18/2007 14:05:51

Dave Jansen **from** Frankfort, KY

I had my first visit to shop yesterday and wanted to express how impressed I was with the level of service you offer. Nick took the time to go over my car's problem with me, and explained what he was doing every step of the way. He even offered tips on what I can look for on my own while at home, etc. He was completely thorough and even asked me to follow-up with him about my problem to make sure there were no additional complications.

I've been many repair shops, from the outrageously expensive to the incredibly incompetent. It is such a refreshing change to find a group of people who work so hard to serve their customers. Take it from me when I say that there are few facilities like

yours that are as well-rounded and comprehensive, and I look forward to doing continued business with you all.

It is so refreshing to find a place that will service your vehicle honestly and without trying to "upsell" things you don't need. They have excellent mechanics and are very accommodating.

What I can't repair on my vehicles, I definitely take to David.

I truly can't say enough good things about them.

I have been using Auto Pro since it opened. I went there because of the honesty and integrity of David and his staff. I had to relocate to Burlington ky. this is about 10 minutes south of Cincinnati Oh. I drive 180 miles + round trip because of the service and trust at Auto Pro. I would recommend David and his staff to anyone. You will always get what is needed and not anything more.
